This section is to be repeated 4 times: once in each of the 4 corners, to get a stitched square of 100 x 100 stitches.

Stitch tutorial

Beads:

Start your stitch using the loop method. Thread your bead through the first diagonal stitch of your cross-stitch. For the second diagonal stitch, separate the 2 strands and keep them on either sides of your bead. This will ensure that it stays tight and upright. You can stitch individual beads in this way, or rows.
