The diagram shows a grid with a vertical column of 10 squares highlighted in dark red, spanning from row 320 to row 329. A horizontal row of 10 squares is highlighted in dark red, spanning from column 480 to column 489. The intersection of these two rows and columns is a 10x10 area of dark red squares. The rest of the grid is light gray. The grid is labeled with row numbers 320, 330, 340, 350, 360, and 370 on the left side, and column numbers 480, 490, 500, and 510 on the top side.

A blank graph paper with a grid. The horizontal axis (x-axis) is labeled with values 560, 570, 580, 590, and 600. The vertical axis (y-axis) is labeled with values 320, 330, 340, 350, 360, and 370. The grid consists of major lines every 10 units and minor lines every 1 unit. A shaded gray area covers the top-left corner, extending from x=560 to x=600 and y=320 to y=370.
