Figure 1: A 230x50 grid of symbols representing a complex system. The grid is organized into 10 columns, each labeled with a number (10, 20, 30, 40, 50) at the top. The rows are labeled with numbers (160, 170, 180, 190, 200, 210, 220, 230) on the left side. The symbols are small, colorful icons (circles, squares, triangles, etc.) arranged in a grid pattern. The symbols are color-coded: blue, green, yellow, red, and black. The grid shows a complex, repeating pattern of symbols, suggesting a highly structured system. The symbols are arranged in a way that suggests a hierarchical or sequential relationship, with the symbols in the first column (10) being the most prominent and the symbols in the last column (50) being the least prominent. The symbols are arranged in a way that suggests a complex, repeating pattern, with the symbols in the first column (10) being the most prominent and the symbols in the last column (50) being the least prominent.
