

The image shows a 64x64 pixel grid filled with a variety of symbols. The symbols include arrows pointing in different directions (up, down, left, right), letters from the English alphabet (A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z), numbers (0 through 9), and other characters like !, ?, ., and ,. The symbols are arranged in a somewhat random pattern across the grid. A prominent feature is a large, roughly triangular cluster of red and orange symbols located in the upper-left quadrant. Another smaller cluster of similar colored symbols is visible in the lower-right quadrant. The background is a light gray, and the entire grid is enclosed within a thick black border.

This figure displays a 2D grid representing the state of a cellular automaton at various time steps. The horizontal axis (x-axis) is labeled with time steps from 260 to 340, and the vertical axis (y-axis) is labeled with time steps from 120 to 180. The grid cells contain different symbols, likely representing different states or values in the automaton. A prominent feature is a cluster of orange and brown symbols (labeled 'T' and 'O') located in the lower-left quadrant of the grid, specifically between x=260-300 and y=140-160.
